Where there is a risk of damage to the product, associated equipment, process or surroundings, comments appear supported by the word '**CAUTION!**'. And supported by the warning triangle symbol.

Health and Safety

WARNING! Risk of personal injury or injury to others. All personnel must be fully trained and adhere to correct manual handling techniques and Health & Safety regulations. It is the responsibility of the local organisation to enforce safe working practices at all times.

Mounting and Installation

WARNING! Do not install a head to a tripod that cannot support the combined mass weight of the head and its full payload.

WARNING! Risk of finger entrapment. Do not place fingers between the platform and the body of the fluid head.

CAUTION! Always lock the pan and tilt brakes when the camera is mounted but not in use or when levelling the fluid head on the tripod.

CAUTION! Hold the camera securely when mounting or dismounting camera from the fluid head and when making adjustments to the tripod height or footprint.

CAUTION! Always hold the pan bar when making adjustments to the counterbalance or camera position. Do not use the pan bar to lift or move the tripod and fluid head.

CAUTION! Do not attach heavy items to the pan bar and always remove the camera before transporting.
